About me

A Business Computing undergraduate specializing in E-Business at ESSECT, with a strong passion for information and communication technologies. Driven by continuous learning, I have developed skills in web development, graphic design, and project management. My goal is to apply these skills in a dynamic professional environment while expanding my knowledge in the fields of e-business and design.

Education:

ESSECT

Business Computing
2023 - Present

Hamмам-Lif Pioneer School (2019 - 2023)

Hamмам-Lif Pioneer School

Technical Skills:

- **Programming Languages:** C, C#, Java, JavaScript, HTML, CSS, Python
- **Development Environments:** Visual Studio Code, IntelliJ
- **Design Tools:** Experience with Canva for creating visuals, with an interest in learning other graphic design software

Professional Experience:

- **Design Projects (Voluntary)**

Created a variety of custom designs for individuals, including logos, social media visuals, and promotional materials, to develop and refine my graphic design and creative skills.

- **Cours particuliers en anglais**

As someone who loves English, I Conducted one-on-one English lessons for students of various levels, focusing on language skills improvement, including grammar, vocabulary, speaking, and writing.
